

Audiometric Officer Course *Lite*

Fast and flexible audiometry training for WorkCover WA approval.

New in 2020 – we come to you! Fast training for 2 students at your workplace at a time that suits you.

With only 2 students we work faster, covering the standard **Audiometric Officer Course** material over 3.5 days instead of the usual 5 days.

We're also flexible with timing. Pick up the diary and we'll work with you to find dates that suit. You can complete the **Audiometric Officer Course Lite** in one 'block' of consecutive days or with a break in the middle to fit in with work.

What's included? The Hearing Company provides an experienced trainer, practice equipment, slide projector, Course Manual, Workbook, written/practical examinations and Course Certificate.

This course is open to Perth-based practices or regional sites where flights are available:

Participants	Price (inc GST)	Duration	What you provide
Two students (same company)	\$ 6,270.00	3.5 days	1 x medium-large room at your premises 2 x test subjects during 4 practice sessions

Notes: *Prices subject to change. An additional travel fee will apply for practices in outer metro or country areas. Currently discounted from the standard customised training rate of \$2,750.00 per day.*

Is the course COVID-safe? Our course practices comply with guidelines on social distancing and personal hygiene.

Who can attend? This fast-paced course will only suit fast learners who can confidently pick up new information quickly.

Does everyone pass? As with our regular 5-day courses, passing the **Audiometric Officer Course Lite** is not guaranteed. Anyone who hasn't recently undertaken formal study or is unsure about learning at a fast pace will find the steady pace of the standard 5-day course a much better option.

To discuss availability or any other queries please contact our Course Manager, Lynne Miles: admin@hearingcompany.com.au or 0478 776 039.
