

Audiometric Officer Course *Lite* and *Lite Plus*

Fast, flexible, small group training for achieving WorkCover WA approval.

We come to you: onsite presentation, at your office, at a time that suits.

With small courses of 2 to 6 students we can work fast, covering the standard **Audiometric Officer Course (AOC)** material and assessments over 3.5 to 4 days instead of the usual 5 days.

We're also flexible with timing. Pick up the diary and we'll work with you to find dates that suit. You can complete the **Audiometric Officer Course *Lite*** or ***Lite Plus*** in a 'block' of consecutive days or with a break in the middle to fit in with other work.

What's included? The Hearing Company provides an experienced trainer, practice equipment, slide projector, Course Manual, Workbook, written/practical examinations and Course Certificate.

You provide: A medium-sized training room, options for projecting PowerPoint slides, whiteboard and test subjects. Catering is optional, although recommended.

Location: We're mobile and bring everything to you.

Who can attend? This fast-paced course will only suit fast, capable learners who can confidently pick up new information quickly. Anyone who hasn't recently undertaken formal study or is unsure about learning at a fast pace will find the steady pace of the standard 5-day course a more suitable option.

Does everyone pass? As with our standard 5-day course, passing the **Audiometric Officer Course *Lite*** is not guaranteed. Students must demonstrate competence by passing the written and practical assessments on the final day.
